

GENEALOGY VI

RESEARCH: WRITING CYCLE

EVIDENCE WAITING : Ways to evaluate records found.

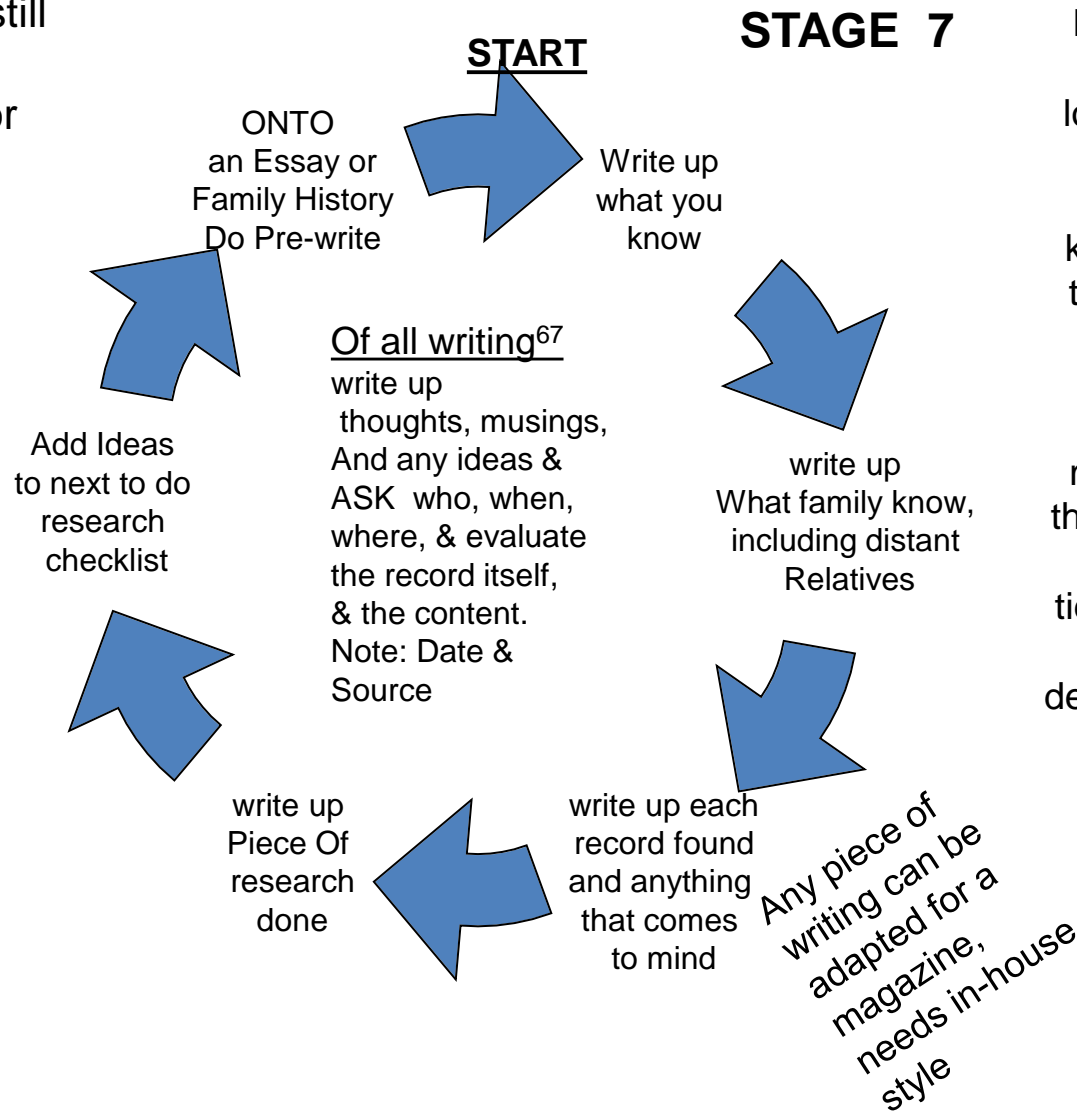

Original certificates are still legal if not defaced – no writings/holes/staples (for proof or passports, etc)

Draw up family tree of names in each will, letter, Bible – and staple together.

If given a lot of records together make a list, and also list the names, and draw up a family tree. Include thoughts, musings, your joy, revelations, etc.

Decide to be really neat in your log/field books (or write up and staple in it

Definitely two families – see Betsy and Henry , and Joseph and Dorothy – born 2 and 3 months apart.

The first four appear to be of one family. The rest is unclear with out more 'work'.

NOTE. Only one record (I.G.I.) checked. The parish registers could show their residence and father's occupation. Also the children's marriages and burials could be helpful. And wills.
